

# AUTOMOTIVE Technology Day

September 10, 2019

## Workshop overview 2019. **Content and times.**

Compile your own program and select  up to 4 workshops.

Register via Email to: [marketing@herrmannultrasonics.com](mailto:marketing@herrmannultrasonics.com) by returning this completed form.

**i** **Welcome Speech**  
Thomas Herrmann, President & CEO  
11:15am - 11:30am      03:15pm - 03:30pm

**01** **Best practices in ultrasonic welding. Advanced solutions.**  
Driving home our ideal solutions for maximum flexibility in production - from small volume assembly all the way to fully automated production processes.

09:00am – 10:00am     10:15am – 11:15pm  
 01:00pm – 02:00pm     02:15pm – 03:15pm

**02** **Interior components. Precision Weld Quality.**  
Buckle up as we show the complex component shapes made possible with ultrasonics.

09:00am – 10:00am     01:00pm – 02:00pm

**03** **Exterior components. Impeccable appearance.**  
Optimum conditions for achieving dimensional accuracy, high-quality scratch and mar-free surface finishes.

10:15am – 11:15am     02:15pm – 03:15pm

**04** **Lithium-ion batteries. Maximum process safety and reliability.**  
Energizing a new industry with ultrasonic welding capabilities for lithium-ion batteries, battery components, and other industrial applications.

10:15am – 11:15am     02:15pm – 03:15pm

**🍴** **Lunch & networking**  
11:30pm – 01:00pm

**🍷** **Get together & networking**  
03:30pm – 05:00pm
